4. GAMES: Are scheduled to start at 5:30 P.M. and last for 1 hour and 45 minutes. The Umpire will announce the start time for the game, at that point the 1 hour and 45 minutes game time starts. Most regular season games will be played Monday - Friday with some Saturdays. Forfeit time will be 15 minutes past the scheduled starting time. The team listed first on the schedule will be the "away" team. Away team will use the first base side dugout and designate the official scorekeeper. Both teams shall keep a scorebook for every game. A team must have a minimum of seven (7) players to start a game. If the team has 7 or 8 players, the coach can ask the opposing coach to borrow fielders for defense only. The borrowed players will bat for their team only. A suggested rotation would be the final player that was out the previous inning, or coaches' discretion.

Major League games are scheduled for seven (7) innings unless otherwise called by the umpire because conditions in his judgment become unplayable.

In the event of a tie score after regulation innings and the game is within the time limit, the game will continue using California rules as long as conditions remain playable in the umpire's judgment, the home team goes ahead in the score, or the time limit is reached.

No new inning will start after 1 hour and 45 minutes. No play will continue after 2 ¼ hours on weekends.

At the top of an inning the umpire will determine if the game is coming to a close. If so, the umpire will make that announcement and there will be unlimited runs for both teams. If the last inning ends before the time limit has expired and it is a completed inning, then another full inning will be played with unlimited runs. Once an inning is started it must be completed, unless it is a Saturday game. Play will continue until time has expired or there is a winner.

In the event a game is shortened by the umpire's judgment that conditions are no longer playable it will constitute an official game if 3 ½ innings have been played with the home team ahead in score or after 4 full innings are complete.

If called with neither team ahead in score: the visiting team having gone ahead in score and the home team not having completed their half of inning, or tied the score, or gone ahead in score or with the home team having gone ahead in score, play reverts back to the last completed inning, or the score is final, and the home team has won the game.

A game that is called due to heat by the League Director will have a final inning in which the unlimited rule applies.

For Excessive Heat Warnings, MBB policy will be to cancel all activities for the day.

5. MAKEUP GAMES: The League Board members will be responsible for figuring out a time for all makeup games. They will notify the coaches of the time and place for the makeup game.

If a player can no longer bat during the game, the batting order will be adjusted, and this will NOT constitute an automatic out. The only automatic out will be in the event of an ejected player.

The player removed is available to play at any other position. One pitch thrown to a batter from the opposing team will be counted as an inning pitched.

takes the field. Any previous pitchers who pitched in the game are ineligible to come back in and pitch.

A pitcher may have seven (7) warm-up pitches at the start of the game and five (5) warm-up pitches for each subsequent inning or for a substitute pitcher.
